[Concerns? Please tell us!](#)**Hire Again:**

Yes

Approximate Cost:

\$700.00

Description Of Work:

The put down a thin concrete-like layer on my bare floor to get rid of the cracks and some stains, then used acid to stain it brown.

Member Comments:

It went well. I was very happy with their service. My final cost was the same as the estimate. I called for an estimate, which was free. Someone came out and re-measured to make sure my numbers were correct. They told me the date they would start and did it. I couldn't decide on exactly which color I wanted to use, but they worked with me to get it just right. They did my kitchen and I plan to have them do my den, too.
